Course Aims and Learning Outcomes

This course is designed to give you the opportunity to:

- Experience an intellectually rewarding and stimulating three-year undergraduate course that integrates theory and practice throughout both academic and practice modules.
- Work in partnership with stakeholders (e.g. people with lived experience of social work, employers of social workers) to ensure the course meets stakeholder needs and promotes safe effective practice and employability.
- Demonstrate the British Association of Social Work's Professional Capabilities for newly qualified social workers and, upon completion, meet the threshold standards set by Social Work England.
- Achieve a professional social work qualification that leads to eligibility to apply for professional registration as a social worker in England.

What you will learn:

Upon successful completion of this course students will have knowledge, skills and understanding:

Knowledge

- To recognise what is expected of social worker students and practitioners at different levels across the profession (SWE Professional Standard, 1-6).
- To demonstrate the professional standards necessary for safe and effective social work practice in England (Professional Standard, 1-6).
- To work in respectful partnership with stakeholders across multidisciplinary and integrated settings (e.g. people with lived experience of social work, employers of social workers) (SWE Professional Standard, 1, 2, 5, 6).

Thinking skills

- To critically reflect on your own practice and engage in professional supervision (SWE Professional Standard, 3, 4).
- To account for the quality of your own practice by incorporating feedback from a range of sources and managing competing priorities (SWE Professional Standard, 1, 3, 4, 6).
- To critique and apply a range of theories, models and methodologies in order to understand the lives and experiences and support people who need social work services (SWE Professional Standard, 1-6).

Subject-Based Practical skills

- To practise as an autonomous professional according to the legal, ethical and procedural frameworks that guide social work in the UK and wider European and International contexts (SWE Professional Standard, 1-6).
- To undertake assessments of risk that recognise and respond to signs of abuse and neglect .
- To adapt to new ways of working, including skills in information and communication technology (SWE Professional Standard, 1, 4).

Skills for life and work (general skills)

- To work independently and demonstrate initiative, self-organisation and time management (SWE, 3, 4).
- To collaborate with others to achieve common goals (SWE Professional Standard, 1, 2, 3).
- To drive a sustainable and inclusive future by promoting social justice (SWE Professional Standard, 1-6).

The above stated outcomes reflect the Professional Standards of Social Work (Social Work England) and the Professional Capabilities Framework (British Association of Social Work).

Work or Study Placements

Study placements are an integral element of the BA(Hons) Social Work degree and the social work course balances classroom learning with practice learning opportunities. When in the classroom, students consider the relevance of theoretical material, research and social policies to the practice of professional social work. In the first year, students undertake 30 days skills training. In the second year there is a 70-day assessed practice placement and an extended 100-day practice placement in the third year. During each placement, you will work with a qualified social work practice educator who will help you integrate theoretical approached from your structured-on campus with your agency-based practice and assess your progress towards meeting the Social Work Professional Capabilities (BASW) and Professional Standards (SWE). A Personal Tutor /Academic Advisor will support you on placement and help you with any unforeseen difficulties and your experience while on placement feeds directly into our quality monitoring processes.

Course Structure

All courses are credit-rated to help you to understand the amount and level of study that is needed.

One credit is equal to 10 hours of directed study time (this includes everything you do e.g. lecture, seminar and private study).

Credits are assigned to one of 5 levels:

- 3 Equivalent in standard to GCE 'A' level and is intended to prepare students for year one of an undergraduate degree course.

Additional detail about the Course module structure:

This is a three-year full-time course. Each year you will take four 20 credit modules and one 40 credit module over two semesters. Teaching begins in September and is delivered throughout the academic year. Assessments take place throughout the academic year and are typically completed by May. To be awarded an honours degree in social work, you must complete a total of fifteen modules with a value of 360 credits. This comprises 120 credits at Level 4, 120 at Level 5 and 120 at Level 6. There is no pass compensation on BA (Hons) Social Work module. All modules must be passed at a threshold mark of 40% to ensure students meet the requirements of the professional bodies for professional qualification.

The overall credit-rating of this course is 360 credits. If for some reason you are unable to achieve this credit you may be entitled to an intermediate award, the level of the award will depend on the amount of credit you have accumulated. You can read the University Student Policies and Regulations on the UEL website.
