

Who is your role model?

A role model is defined as someone who leads and inspires those around them and takes them in the right direction. A role model can be anyone in your life such as: your parents, siblings, teachers, friends, someone famous etc.

Task:

Think of someone you admire, whose skills and qualities you would like to have and who has achieved success in their life and work. How did they get to where they are today and what can they teach you about choosing the right career?
